

BOMIMED E-LEARNING

FLEXIBLE EDUCATION OPTIONS
DESIGNED TO SUIT YOUR NEEDS

CLINICAL EDUCATION WEBINARS

Keeping staff knowledge up to date can be a difficult task. As front-line professionals are often asked to do more with less, limitations in time and resources can put significant strain on education. As clinical competency can drive improvements in healthcare delivery and patient safety, it's vital that staff make time for continuing education. If only education was more convenient and flexible to your schedule.

Introducing BOMImed Clinical Education Webinars. Hosted live, these product independent web-based presentations focus on new and current clinical concepts and technologies. From reviewing the basics to exciting advancements in your field, learn from expert clinicians with years of real-world experience. Have a question? Ask and receive answers in real time from your site, at home or on the road. Choose from a scheduled list of topics suitable to your field or ask our team to craft a webinar just for you.

Best of all, BOMImed Educational Webinars are completely free!
No product purchase necessary!

- **Web-Based Seminar accessible from anywhere in the world**
- **Product Independent**
- **Hosted by an Experienced Expert Clinician**
- **Scheduled or Custom Topics**
